FOR IMMEDIATE RELEASE

CHAMBER PARTNERS WITH TOP INTERNET RECRUITMENT COMPANY

Chamber partners with NationJob.com to create local job board at significant value.

Des Moines, IA (10/22/2009) Attracting a quality workforce is a critical issue in our community. To address this issue the Bessemer Area Chamber of Commerce has partnered with NationJob.com – one of the industry’s largest and most respected internet recruitment companies. The partnership will create the Bessemer Job Network, a comprehensive internet recruitment solution with local and national reach.

The program is for Chamber members of all sizes. NationJob accepts job listings in any format including; scraping from an existing site, by FTP upload, via e-mail, fax or mail. There is no limit on the length of the job listings and a company profile may be included. Participation fees are based on employee count and, because of the partnership, are significantly lower than other recruiting job boards.

Another benefit offered by NationJob is a free automated service for job seekers (local citizens and “trailing spouses”) that makes hunting a job easier than ever. Seekers use a comprehensive series of menus and keywords to define exactly what types of jobs they are qualified for and interested in. Any new openings that match the seekers’ criteria are automatically e-mailed to them, along with contact information so that they can respond to the companies directly.

NationJob.com has been in the electronic recruiting industry for over 20 years and is a leader in community based recruiting. Providing local, regional and national reach through significant search engine marketing efforts and a subscriber database of over 1 million custom searches, NationJob is one of the most cost effective internet recruiting solutions available.
